COPENHAGEN Half Marathon 2026

PARTY, SPEED AND A GREAT ATMOSPHERE

These are some of the things that attract thousands of runners to the Copenhagen Half Marathon every year. And when the race starts in 2024, there will be even more of all three. CPH Half is ready with a new route where all participants have something to look forward to. Fast runners can test themselves on 21.1 flat kilometers with soft turns and many straight stretches. And those who come to experience one of Europe's biggest running festivals can look forward to plenty of atmosphere and several of the capital's iconic landmarks along the route.

The Copenhagen Half Marathon is one of the fastest races in Europe, a World Athletics Gold Label event, and part of the SuperHalves series. The 2026 edition will take place on 14 September and is already officially sold out, with over 20,000 runners registered.

In 2026, the Copenhagen Half Marathon will also be part of the World Athletics Road Running Championships Copenhagen 26, featuring the World Championships in the half marathon, 5 km, and one-mile distances. The World Championship half marathon will be held on Sunday, 20 September 2026, while the World Championships in the two shorter distances will take place on Saturday, 19 September. All entries for the half marathon distance were sold out through a lottery earlier this year, but it is still possible to register through our travel agency.

Explore Travel is one of the official Tour Operator for Superhalves Series and is the only Travel Agency from Romania accepted to represent SUPER HALVES and promote packages for all 6 races. We have limited guaranteed entries for all 6 races and experience in creating travel itineraries for runners.

Local experiences:

- Run a race from Super Halves and start this journey through six beautiful European cities.
- Enjoy the atmosphere in Copenhagen during this race weekend
- Visit House of Carlsberg for a beer tasting and the story around the famous brand "Probably the best beer in the world"
- Party and have fun in Tivoli Gardens
- Walk and enjoy Nyhaven or New Port and admire the wonderful renovated buildings and cool atmosphere
- Discover Copenhagen like a local with a city bike tour in the city

Day 1: Friday 18 September 2026: Arrival in Copenhagen

Arrival in Copenhagen by plane. Check in at the hotel starts at 15.00 but if you arrive earlier you can leave your luggage at the lobby and start exploring the city.

Accommodation is booked at [Hotel Fairfield by Marriott Copenhagen Nordhavn 4*](#)

The hotel is located in a new residential area called Norhavn.

Scandinavia's largest and most ambitious urban development project to date. Vacant industrial buildings and land are being transformed into a new sustainable urban district with a pedestrian- and bike-friendly infrastructure. Conceived to meet Copenhagen's future need for housing, the industrial area of Nordhavn now gleams with purpose and promise, on a mission to become a 'sustainable city of the future'. A 'five-minute city' of small hops between housing, work, day care, transport, recreation and shopping amenities, Nordhavn actively champions journeys on foot, bike or public transport. New initiatives include two Metro stations already opened and a 'super bikeway' to the city.

You can reach the hotel from the airport in 30 minutes by metro and the finish area is only 2 km distance from the hotel.
