RACE DAY

— Explore Travel is the only Romanian travel agency accredited to represent the SuperHalfs Series — with guaranteed entries for all six races.

The sunlit SuperHalf's finale

The Valencia Half Marathon — a flat, fast course through the City of Running, and the sunlit finale of the SuperHalves series.

Valencia's wide, flat streets and mild October weather make it one of Europe's fastest halves, finishing by the striking City of Arts and Sciences.

A compact, walkable city with great food and a relaxed Mediterranean feel — an ideal last SuperHalf to complete the set.

THE EXPERIENCE

Sun, sea and science

Beyond the race: the futuristic City of Arts and Sciences, the old town and Central Market, the Turia gardens in the old riverbed, and Mediterranean beaches a short ride away.

Valencia is the home of paella and horchata — with an easy, sunny city-break feel in late October.
